PROFESSIONAL SUMMARY

Front-End Developer with hands-on experience in building websites, leading teams, and delivering digital solutions. I founded YAD Services, where I lead a team of five members and have been involved in the delivery of more than 100 projects across web development, UI/UX design, CV writing, and digital services.

I enjoy turning ideas into real products and helping clients find practical solutions to their needs. My interests extend beyond web development to artificial intelligence, entrepreneurship, and emerging technologies. I am always looking for opportunities to learn, grow, and contribute to meaningful projects.

PROFESSIONAL EXPERIENCE

Founder & Executive Director | YAD Services

January 2026 – Present

- Founded and currently lead a multidisciplinary team of five professionals delivering digital solutions and client services.
- Successfully delivered 100+ projects and services.
- Managed end-to-end project lifecycles including planning, execution, quality assurance, and client communication.
- Led initiatives in website development, UI/UX design, branding, and digital solutions.
- Oversaw daily operations, task delegation, and strategic business growth.
- Developed and maintained the official YAD Services website.

Front-End Developer | Freelance

2024 – Present

- Designed and developed responsive websites and landing pages.
- Built modern web interfaces using HTML5, CSS3, and JavaScript.
- Delivered customized digital solutions from planning to deployment.
- Collaborated with clients to understand requirements and provide high-quality deliverables.

Web Developer | JCEC Hub

Gaza, Palestine

- Designed and developed the official website for JCEC Hub, a coworking space in Gaza.
- Collaborated directly with stakeholders to transform business requirements into a responsive and user-friendly website.
- Ensured compatibility and optimal performance across desktop and mobile devices.
